WEB POLICY FOR COLD SPRING HARBOR ASIA CONFERENCES

Cold Spring Harbor Laboratory is offering archived streaming video of the oral sessions of this meeting through its Leading Strand web site (<http://leadingstrand.cshl.edu/>). We are offering speakers two options:

- 1) Your talk is made available on a limited basis to meeting attendees only, as follows:
 - The site is free and available to **meeting attendees ONLY** and on a password-accessible basis
 - The site is **only available for 6 weeks** after the meeting
 - The talks **cannot be "recorded"** through a web browser or other software
- 2) Your talk is not archived or recorded at all

We hope that most of you will choose option #1, as this provides an excellent opportunity for meetings attendees and their colleagues to review the talks. We ask that you indicate your preference on a form available in the projection booth. Note that if no preference is indicated, we will proceed on the assumption that option 1) is acceptable to you. Please note that a final decision only has to be made by the end of the meeting.

In addition, we can also offer a CD of your personal presentation for a nominal fee of \$20.00 (cash only, no check or credit cards). Please inform our A/V guy before your session starts if you need it. It will be a DVD file, you must have DVD player to play it.

Speaker Name: _____

Yes – Post my talk

No – Do not post my talk

I Need a DVD of my own talk
